

ALERT Campus Email Changes Coming

To prepare for the University Email Migration you must perform the following steps before the beginning of next week.

1. Export Firefox Bookmarks

2. University Email Pre-Migration steps

We will be coming by starting the week of May 14 to remove Firefox, your University Single-Sign-On Client, Local Outlook Data, and Office Communicator. This means you will no longer have the black or blue programs which pop-up at login. The only way to access your email will be the Outlook Web App (OWA) <http://uaconnect.arizona.edu> until the new system is in place.

Campus email will be UNAVAILABLE from Friday, May 18, at 5:00 p.m. until Monday, May 21. If you are working that weekend please work with your team to establish an alternate solution.

Please check our website frequently for more information, updates, help requests, and a schedule of OWA Training Sessions.
