

Honors Village Meal Plan Waiver Request Form and Procedures

The Honors Village will feature the University's first residential dining hall. Participating in the residential dining program is one of the fundamental aspects of community development in the living and learning environment of the Honors Village, and the Student Unions is committed to providing a variety of well-balanced meal options to support the students' overall success in this community. **All students living in the Honors Village are required to purchase an Honors Village Meal Plan.**

Waiver of an Honors Village Meal Plan is very rare, and will only be considered on a case by case basis if an Honors Village resident is accepted and recorded as an active member of a Greek Life community with a house meal plan. It is the responsibility of the resident to request a waiver once all Greek Life assignments are recorded and confirmed. If the resident is no longer an active member of a Greek Life community with a house meal plan, he/she will be added back to the Honors Village Meal Plan, pro-rated for the remainder of the academic year.

To request an Honors Village Meal Plan waiver, the resident must complete the Waiver Request Form below and return it to the Meal Plan Office located on the lower level of the Student Union Memorial Center (SUMC). Waiver Request Forms can also be submitted via email to su-mealplan@email.arizona.edu. Waiver Request Forms must be submitted by September 6th 2019 in order to be considered. Students will be notified and issued a credit to their original form of payment if their waiver request is approved.
